

Lake Shelbyville, U.S. Army Corps of Engineers

8 July 2019

HIGH WATER UPDATE

Current Lake Level: 609.79

Release Rate: 1780 cfs

Inflow: 1240 cfs

BOAT RAMPS:

Opossum Creek, Lone Point & Coon Creek high water ramps are open.

Secondary Boat ramps at Bruce, Coal Shaft, Johnson's Bluff, and Woodard Road are closed.

BEACHES:

Beaches at Coon Creek, Lithia Springs, and Wilborn Creek are closed. Dam West(9th St), Sullivan and Wolf Creek are currently open.

TRAILS:

Trails closed include: Coon Creek Nature Trail, Okaw Bluff Trail, and Chief Illini Trail. Camp Camfield and General Dacey Trail are open.

Please use extra caution when boating. Floating debris and submerged hazards are likely. If an area is posted closed, do not enter that area. As always, please wear your life jacket when on or near the water.
