

# MUSKIE CREEL SURVEY REPORT CARD

The Illini Muskies Alliance and the Illinois Department of Natural Resources are jointly sponsoring a muskie creel survey. The purpose of the survey is to gain valuable information regarding muskies caught, which only you, the angler can provide. Anglers catching a muskie should complete the information requested and place the card in the mail as soon as possible. Please practice CATCH and RELEASE.

NO POSTAGE IS NECESSARY.

THANK YOU FOR YOUR COOPERATION.

## REPORT ONLY ONE MUSKIE PER CARD

DATE CAUGHT: Month: \_\_\_\_\_ Year: \_\_\_\_\_ Time: \_\_\_\_\_ am or pm County: \_\_\_\_\_

WATER NAME: \_\_\_\_\_

TOTAL LENGTH: \_\_\_\_\_ INCHES

LURE NAME: \_\_\_\_\_

LURE TYPE: \_\_\_\_\_

(Check one):  kept  released

(Check one):  casting  trolling

Fishing for muskies:  yes or  no

Hours fished before catch (same day): \_\_\_\_\_

Number of hours fished on same water body since last muskie caught: \_\_\_\_\_

Name: \_\_\_\_\_

Address: \_\_\_\_\_

### IMPORTANT INFORMATION

Current Illinois fishing regulations require that pure muskies harvested or kept be no less than 48", 42" or 36" in total length from selected waters. Tiger muskies kept from selected waters where they occur must be 36" in total length or longer. Anglers should refer to the current year's "Illinois Fishing Information" booklet to determine site specific length limits or contact the local DNR office for additional information. Thank you for taking the time to complete the information requested.
